

Free N95 Respirator Manufacturers

Distributed from the Strategic National Stockpile

Updated Mar. 15, 2022

What You Need to Know

- The Strategic National Stockpile has distributed N95 respirators to pharmacy distribution centers throughout the country.
- You can find specific manufacturer's instructions for your N95 model below.

For information about how to use your N95 correctly, see [How to Use Your N95 Respirator](#).

Free Mask Locator

Find free masks (N95 respirators) at a participating location near you.

If you wear an N95 with an exhalation valve, you will be protected from others who may have COVID-19. If you have COVID-19, an N95 will protect others from you; however, an N95 with a valve may not protect others as well as an N95 without a valve. To make the 3M Model 8511 as protective as an N95 without a valve, 3M Multi-Use Duct Tape can be used to cover the valve in accordance with the manufacturer's instructions [PDF](#) [HTML](#).
